

MONTHLY MOVEMENT OF LITERATURE (SIGN LANGUAGE)

INSTRUCTIONS:

Sign language: _____

1. Language-coordinating congregations take an actual count of literature each month, and the quantity is entered in the "Currently on Hand" column.
2. "Rec'd" column: Post the quantity of each item received or returned to stock.
3. "Moved" column: Post the quantity of each item moved. This can be determined by 1) adding together what was received during the month with what was on hand from the *previous* month and then 2) subtracting from this total the number of the actual count just taken ("Currently on Hand").
4. Request no more than a three-month supply of congregation stock items. Special-request items are marked with an asterisk (*). These items should not be stocked.

IMPORTANT: Inventory quantities should be submitted twice a year through the jw.org website. Please submit the February/August inventory to the branch office no later than the 15th of March/September.
