TO SELECTED BODIES OF ELDERS IN THE UNITED STATES

Re: Request for Indian nationals to serve in India

Dear Brothers:

In view of the potential for further growth in India, there is a need for exemplary brothers and sisters who hold an Indian passport, especially those serving as elders, ministerial servants, and regular pioneers, to consider whether their circumstances may allow them to return to India to assist with the preaching work.

Please speak with any exemplary publishers who hold an Indian passport to let them know about this opportunity to expand their ministry in their home country. Any who may be in a position to do so should follow the steps outlined in the *Organized* book, pages 111-112, and write to the India branch office for further information. (Mal. 3:10; Luke 14:28) Their letter should be accompanied by a letter from the Congregation Service Committee recommending them. The address for the India branch office is Watch Tower, Post Box 6441, 927/1 Addevishwanathapura, Rajanukunte, Bangalore 560064, India. We trust you will keep this matter strictly confidential.

Thank you for your kind assistance with this request. We send our warm Christian love and best wishes.

Your brothers,  
*Christian Congregation  
of Jehovah's Witnesses*
