Re: *Our Kingdom Ministry* quantity requests

Dear Brothers:

We are writing to inform you of an adjustment to the quantities in which *Our Kingdom Ministry* in Catalan, English, French, Polish, Portuguese, Romanian and Spanish may be requested. In future, it will only be possible to request these in multiples of eight copies. Congregation requests will therefore be rounded up to the nearest multiple of eight.

We have written previously to ask congregations requesting a single copy or perhaps just a few copies, to make use of the jw.org website to download and print these locally. Therefore, congregations requesting less than five copies will have their requests cancelled. These adjustments will take effect with the **January 2014** edition.

If a few copies are needed, please assign the "Download *Our Kingdom Ministry*" role to any elder or ministerial servant to whom the responsibility of local printing is given. The link to download and print *Our Kingdom Ministry* is found on the "Documents" tab under the subheading "Document Types."

Be assured of our appreciation for your work as we send our warm Christian love and greetings.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
