TO BODIES OF ELDERS IN ENGLISH-SPEAKING CONGREGATIONS IN ENGLAND,
IRELAND, AND WALES

Re: Deliveries of the revised *New World Translation*

Dear Brothers:

We know that you all eagerly anticipate receiving the revised *New World Translation of the Holy Scriptures* in English. Our desire is to get the Bibles to your congregations soon after they arrive at the branch in the coming weeks. Congregations in Ireland and a limited number of congregations in England and Wales will receive their consignment with the December delivery. By early January extra deliveries will also have been made to congregations on the LO-E, LO-W and LV [A-D] routes.

For the majority of congregations though, we seek your assistance because the regular truck routes cannot contain this additional load. In addition, what we intend to do should mean that the Bibles can be delivered quicker to all. From mid-December we will send trucks filled with Bibles to a number of central locations and we will ask for a representative from each congregation (or a number of congregations combined) to collect from one of these locations. We plan for most of these deliveries to be made on December 14 and then December 25-26.

Specific collection details will be provided via the jw.org congregation inbox. We intend to provide 15-minute time slots for each congregation to aim for, to make the process as orderly as possible. We realize it will not be possible for all to arrive exactly on time, but by trying to work within the time frame it should reduce waiting time. In addition to location, we will provide details of how many boxes and what the total weight will be per congregation. This should help if several congregations plan to combine collections, perhaps using a van.

In addition, please note that the Bibles have been consigned to each congregation, and not to the coordinating congregation. You will also need to note that no packing list will be provided with the shipment of the Bibles. However, the packing list will be available to print from the website.

We trust this information will prove helpful as we make preparations to get the Bibles to you as soon as possible.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
