TO THE BODIES OF ELDERS OF ALL CONGREGATIONS SERVED BY FLORIDA
REGIONAL BUILDING COMMITTEES

Re: RBC volunteers assisting with headquarters project

Dear Brothers:

Exciting progress is being made on the headquarters project in Warwick, New York. Already Regional Building Committee (RBC) volunteers have had a share in the work, and we plan to use them in a fuller way throughout the project. At this time, Florida RBCs have been chosen to support work on the Vehicle Maintenance Building for approximately a four-month period in the spring of 2014. Certain skilled tradesmen from among these regions will be invited to work at Warwick for several weeks at a time to accomplish a portion of the work assigned to RBCs.

In this connection, we request that each Congregation Service Committee make a close review of the *Regional Building Committee Volunteer Applications (S-82)* on file to make sure each volunteer still qualifies. The volunteer should have a cooperative spirit, be in good spiritual and emotional health, and be in a position to assist with the headquarters project as part of their RBC assignment. (*km 5/06 p. 4*) If there are any volunteers who no longer qualify, this should be communicated to your RBC so that its records can be updated. Of course, it would also be loving to inform the volunteer of this change as well.

The Florida RBCs recently received a similar letter requesting that they work with the bodies of elders to accomplish this important task. Someone may have already contacted you in this regard. We appreciate your cooperation with their efforts. We are confident that our working together closely will help to ensure that all who are used for the headquarters project will be well qualified to do so.

We appreciate your assistance with this important matter. We look forward to the good results from the combined effort of all involved in this endeavor, all to Jehovah's praise and glory.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
