TO ALL BODIES OF ELDERS

Re: School for Congregation Elders

Dear Brothers:

We are pleased to provide an update regarding the School for Congregation Elders.

The School for Congregation Elders started in Britain in March 2011 and in Ireland in January 2012. The last scheduled school in Britain recently concluded in March 2014. The school ran continuously for three years and over 14,000 elders have now attended. We would like to take this opportunity to thank all those involved in organizing and caring for the school as it toured the country, as well as all the instructors and their wives, especially the four permanent field instructors.

We are very pleased to announce that the Governing Body has approved that this school will be organized again in the future. Elders will be considered to attend the school again when five or more years have passed since they attended the first time. New elders who have not attended will also be invited to attend these future classes. More information about these arrangements will be provided in due course. Please do not contact the branch office regarding these future classes at this time.

Over the last few years, we have received many expressions of appreciation from elders expressing heartfelt gratitude for the wonderful theocratic training provided at this school. We are certain that your appreciation for this fine training course will continue to shine forth as you diligently and enthusiastically fulfil your assignments as teachers and shepherds of the flock. —1 Pet. 5:2.

We take this opportunity to assure you all of our deep appreciation and warm brotherly love.

Your brothers,
