Re: *Congregation Analysis Report (S-10)*

Dear Brothers:

Our letter dated August 13, 2014, stated: "Please note that the August field service report, the analysis report, and the literacy information (if you have any) should all reach us by **September 20, 2014.**"

Please be informed that a new *Congregation Analysis Report (S-10)* is scheduled to be released to congregations in October 2014. You will complete that form and submit it to the branch office no later than **November 20, 2014.**

Therefore, at this time, please concentrate your efforts on collecting the August field service report and completing the literacy information sheet (if you have any) so that they reach us no later than ***September 20, 2014.***

Be assured our warm Christian love.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
