TO ALL CONGREGATIONS

Re: Visit of headquarters representatives in 2015

Dear Brothers:

We are pleased to inform you that Brother Samuel Herd, a member of the Governing Body, and Brother John Larson, appointed helper to the Governing Body, have been assigned to serve as headquarters representatives to the Britain branch office from April 20 to April 28, 2015.

As part of their visit, a special three-hour programme will be broadcast to all congregations in Britain and Ireland. The programme will be streamed from Bethel via jw.org on Saturday afternoon, April 25. Since the programme will include a summary of *The Watchtower* study article for that week, the locally scheduled public talk and *Watchtower* study will be suspended. By scheduling the live broadcast on Saturday afternoon other congregations that may share the Kingdom Hall will be able to replay the programme on Sunday. The bodies of elders will determine the schedule for each congregation that uses the Kingdom Hall.

We are pleased to provide you with this advance notice so that you may plan to attend the spiritual programme during the visit of Brothers Samuel Herd and John Larson.

Be assured of our warm Christian love and good wishes.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*

PS to the coordinator of the body of elders:

Please have this letter read at the next Service Meeting (excluding this PostScript).

Also ensure that you have an Internet connection, as well as a projector and fitting equipment installed in your Kingdom Hall in preparation for the transmission. For more details, please refer to the following postings on jw.org: “Global 4—Telephone and Broadband,” “Schoebel—Kingdom Hall Projectors and Electronic Services,” and “Kingdom Hall projector fitting equipment and screens.” If you have already ordered the necessary equipment your order will be delivered over the next few months. Congregations who have not ordered the necessary equipment for their Kingdom Hall should do so as soon as possible in order to receive the special programme. Later, we will send instructions to explain how the programme will be transmitted.
