TO ALL BODIES OF ELDERS

Re: Broadcast of Visit of Headquarters Representatives

Dear Brothers:

We have received a number of questions regarding the broadcast of the visit of headquarters representatives, scheduled for April 25 and 26, 2015. We are pleased to provide you with some additional information at this time.

As stated in our letter dated AF:FMA January 13, 2015, the programme will be transmitted via the Internet by means of stream.jw.org. The live broadcast of the programme is scheduled for 1:00 p.m. on Saturday, April 25, 2015, and will last approximately three hours. Subsequent broadcasts of the programme will be available to view from approximately 6:00 p.m., thus we anticipate that it will be possible for bodies of elders to arrange for a Saturday evening viewing of the programme, should local circumstances make it necessary. The broadcast will be removed from stream.jw.org on Monday, April 27, 2015.

With the exception of the live broadcast, rather than broadcasting the programme at set times, it will be available as a video on demand. Therefore, bodies of elders can determine locally at what time they wish to schedule the broadcast for each congregation using a Kingdom Hall. In some cases, it may be possible to schedule the broadcast at the same time as your normal weekend meeting.

Please note that no one should attempt to download a copy of the broadcast, nor should any recordings be made to be viewed at a later time. However, we have no objection to the broadcast being transmitted to infirm or isolated individuals, who are unable to attend congregation meetings, via a telephone link or other approved means of transmission.

Should you have any further questions about this exciting event, please direct your queries to your Event Coordinator in the first instance. When contacting the branch office with any queries, please use the *Event Broadcast* Inbox on the jw.org website.

Please accept our warm Christian love and best wishes.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
