Re: Programme for Special Meeting with Headquarters Representatives

Dear Brothers:

We are pleased to provide some further details with regard to the special meeting in connection with the upcoming branch visit, which will be broadcast via stream.jw.org.

The programme for the occasion is attached to this correspondence, for the reference of the elders and the brothers assigned to look after the technical aspects of the event. In addition, we would like to provide a brief reminder about the prayers at the start and end of the programme.

The congregations that will be connected to the live broadcast will listen in to the prayers as they are broadcast. The congregations watching and listening to the programme later should arrange for local elders to say the prayers.

We trust this is helpful to you in preparing for this important theocratic occasion. We have every confidence that Jehovah will richly bless the arrangements for the benefit of all. We take this opportunity to send you our warm Christian love and best wishes.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
