TO ALL CONGREGATION SERVICE COMMITTEES

Re: *Blind Publisher Survey*

Dear Brothers:

This is a follow up on our *Blind Publisher Survey* sent to you on March 6, 2015. Our records show that on the **above date**, only 349 responses have been received. This implies that about 1,488 congregations have failed to submit their response and we are wondering why this is so.

Please as soon as you receive this letter and if you have *blind publishers and Bible students*, call the branch office immediately on **030-2712456 or 030-2721000** and give the figures to the brothers at the Pioneer Desk, if you have not already done so. Let us know if these persons are already reading secular publications in Braille and in which language. **This is very urgent!**

Be assured of Jehovah's blessing on your diligent effort in this regard. Accept our warm Christian love and best wishes

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
