TO ALL BODIES OF ELDERS

Re: Delayed Streaming of Special Program

Dear Brothers:

We are happy to inform you of the visit of Brother David Splane of the Governing Body to Ghana Bethel. As part of his visit, Brother Splane will deliver an encouraging talk to audiences at the Accra Assembly Hall which will be video streamed to several other Assembly Halls and Kingdom Halls in Ghana on January 31, 2016. Most part of the program will be presented in English and interpreted into Twi. The program will be three hours long.

For a far-reaching benefit, it has been approved that congregations that will not be involved in the **live-streaming** be provided with credentials to watch a recorded version of the program if that is technically possible. It is recommended that the body of elders in each congregation download the program and then choose the day and time favorable for majority of the congregation members. This viewing arrangement at the Kingdom Hall is similar to how congregations arrange to watch the monthly program on JW Broadcasting. It *may* not be necessary for congregations that attended the live program to watch it again at the Kingdom Hall. The credentials for accessing the program are as follows:

USERNAME	PASSWORD
gha-kingdomhalls-vwr	1Psswr09?

The program will be uploaded to *stream.jw.org* for downloading and viewing by **February 1, 2016**. Please note that the file is not for general circulation to friends and family relations. After showing it to the entire congregation, be sure to destroy the file. **Please no one, including elders, is allowed to download and keep the file for personal use.**—Read Luke 16:10.

If yours is neither a Twi nor an English language congregation but the majority of the congregation members understand one of the two languages in which the program will be directly presented, kindly arrange for your congregation to benefit from the upcoming faith-strengthening program. Meanwhile, kindly keep in mind that the special program should not be used to replace the Public Meeting and *Watchtower* Study. We are confident that the above arrangement will prove spiritually refreshing to you.

Please be assured of our warm Christian love and best wishes.

Your brothers,

*Christian Congregation  
of Jehovah's Witnesses*
