Re: Revised Public Talk Outlines

Dear Brothers:

This is to inform you that older, 45-minute public talk outlines are in the process of being shortened to 30 minutes, and their content and references are being updated. The revised outlines will be posted on jw.org. Some outlines are being given new titles, and others are being discontinued. When an outline that you deliver is revised, please update your talk as soon as possible so that it harmonizes with the revised outline. When an outline is discontinued, it should no longer be used. At times, a discontinued outline may be replaced with a new one that has a different theme but the same number. Please inform all ministerial servants who give public talks of this direction.

We send our warm Christian love.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
