Re: Pocket-Size *New World Translation*

Dear Brothers:

In October 2014, it was announced that the pocket-size edition of the *New World Translation* in English had become available as a special-request item for use by congregation publishers. It was limited to congregation publishers until a sufficient supply could be produced by the branch office for use in the field. We are happy to inform you that the pocket-size edition of the *New World Translation* in any language in which it is available may now be distributed in the ministry in the same manner as the regular-size edition.

Each of us treasures the valuable gift of the revised *New World Translation* and appreciates that a great amount of time, effort, and expense is put into producing each copy. Proper care and treatment of our personal copies reflect our high regard for God's Word. For example, we endeavor to keep them neat, clean, and dry. By carefully keeping track of our personal copies, we avoid requesting additional copies that may go unused.

Please be assured of our warm Christian love and greetings.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*

PS to coordinators of the bodies of elders and service overseers:

At the next midweek meeting, please arrange for an announcement to be made to the congregation that a letter on the above-noted subject has been posted on the information board. From this point forward, the pocket-size edition of the *New World Translation* should be requested through the language-coordinating congregation rather than by each congregation. A sufficient quantity should be kept on hand to meet the needs of publishers both for their personal use and in the field. Please ensure that the language coordinator and the literature servant are aware of these adjustments.
