TO ALL BODIES OF ELDERS

Re: School for Congregation Elders

Dear Brothers:

We are writing again concerning the School for Congregation Elders that will be held in the territory of our branch beginning January 2, 2017.

As indicated in our letter of September 1, 2015, classes will be held in English and Spanish. Therefore, if an **elder wishes to attend a class in his mother tongue in another country**, he should forward a request through our branch. Also, it is possible that some elders serving in congregations of a language other than their own **prefer to attend a class in English or Spanish**, in the territory of our branch. This must also be requested through our branch.

So far we have received very few of these requests. However experience shows that many brothers need to attend classes in their mother tongue. For this reason, please attend to this matter as soon as possible directing your correspondence through [jw.org](http://jw.org) to *Departamento de Servicio – Escuelas Teocráticas*.

Thank you very much for your kind help with this matter. Please be assured of our warm Christian love and best wishes.

Your brothers,

*Testigos Cristianos de Jehová*
