Re: Lists of foreign-language congregations, groups and pregroups

Dear Brothers:

We are pleased to inform you that the lists of foreign-language congregations, groups and pregroups belonging to our branch territory have been updated. Additionally, congregations, groups and pregroups in local languages other than Spanish have been included in these lists.

Upon login in to your jw.org account, you will find two lists under “Documents”/ “Forms”. To make it easier to use this information, you will notice that one list arranges congregations, groups and pregroups in alphabetical order according to the language, whereas the other list groups them according to provinces. These lists will be updated periodically.

On the other hand, publishers might be encouraged to use the “About us” tab of jw.org to help interested ones find meetings or conventions held in the language they understand best or prefer. (Please bear in mind the results of this search will be for congregations only, since groups and pregroups are not included.)

We are sure that this information will help you cultivate the interest of those who speak a language other than the one used in your congregation.

We send you our warm Christian love and best wishes.

Your brothers,

Testigos Cristianos de Jehová
