Re: Contributions to the worldwide preaching work over the Web using jw.org

Dear brothers,

We would like to sincerely commend you for your consistent investment of your time, effort and financial resources to support the worship of Jehovah. There is no doubt that Jehovah is very appreciative of your willingness and generosity (2 Cor. 9:7). Many of you have been looking for information about how your country could support the preaching work. Therefore, on our website we have a page with information on how you can make a donation in your country.

On this new page, it will be explained how you can make a donation in your country. It shows how tax benefits are achieved through electronic transfer of funds, conditional donations and grants. This page can be accessed by clicking on the link "Voluntary contributions to the worldwide preaching work" at the bottom of the home page of the jw.org website or by using the "Voluntary contributions" link in the online *JW Library application*.

On this page, in due course, you will also be able to make a contribution to our worldwide preaching work using Visa and MasterCard credit and debit cards. In such a case where you are giving contributions on our website, you must choose the country where your card is issued. One-time payments can be made without opening an account. If you would like a way to give regular contributions, you can create an account. Creating an account facilitates the task of business accounting at the branch, allows you to create a standing order for your contribution, as well as view a copy of the contributions you have provided. After each contribution payment, you will be notified by e-mail. A few days after we receive your contribution, you will receive a letter of gratitude. The branch office will send the certificate required for tax returns in the usual way. If you have any further questions, please contact one of your elders.

We hope this information will be of use to you while you try to "Honor Jehovah with your valuable things" (Prov. 3:9).

Your brothers,

Jehovah's Witnesses

Religious Christian Congregation

c : traveling overseers

Note to elders:

Please make sure to read this letter at the meeting during the week of May 23, 2016, after the item "How to use the app, *JW Library*" - Part 2. If possible, show how they can access the site for contributions. After that, this letter should be put up on the notice board. **This note to elders should not be read to the congregation or placed on the notice board.** If your congregation have a regional convention or assembly during the week of the 23 May 2016, the letter should be read by the Chairman of the Christian Life and Ministry meeting the following week.

The congregation coordinator should choose one or more elders who will be able to help those in the congregation who want to create an account or make donations through the website. Such ones should familiarize themselves with the functioning of this option so as to be able to help others. Please make sure that at this same meeting, the congregation is informed who they can turn to. Brothers who are helping others should not keep their passwords or credit or debit card data.
