TO ALL BODIES OF ELDERS

Re: Letter to Regular Pioneers, Special Pioneers and Field Missionaries

Dear Brothers:

You will find attached a letter to all regular and special pioneers and field missionaries with information the Branch Committee wishes to convey to them. Please provide a paper or electronic copy to all who serve in this way in your congregation.

It would be good to include a discussion of the attached letter during the next meeting of your body of elders. Consider how you can help and support the pioneers in your congregation in applying the suggestions made in the letter. Are there any pioneers you can specifically encourage to expand their ministry in some way? Help the pioneers in your congregation to set attainable theocratic goals.

May we take this opportunity to seek your particular assistance in encouraging **regular pioneers** who are able to get involved with theocratic construction projects. Volunteering to serve on such projects, either in an administrative or practical way is rightly considered sacred service. With the acceleration of Kingdom Hall construction and renovation projects under the Local Design/Construction arrangement, as well as the exciting relocation of our branch office from London to Chelmsford, the need for spiritual, willing volunteers to serve in this capacity is greater than ever. Since our hard-working pioneers are primarily focused on making themselves available to support Kingdom interests, it is understandable that they may express a desire to assist with theocratic construction on a regular basis. With this in mind, please review the principles contained in the letter to all bodies of elders, dated March 17, 2013, which directed that special support and commendation should be extended to those who exert themselves in various avenues of service. In addition, we kindly ask that you encourage all in the congregation, including pioneers, to prayerfully consider whether they could be more fully involved in this important work. A positive and proactive lead from the elders in this regard will no doubt prove to be refreshing and motivating for all members of the congregation.

Thank you for all you are doing in promoting Kingdom interests at this time and for all the support you give to those who are able to serve as regular and special pioneers and field missionaries. We send you our warm Christian love and greetings.

Your brothers,

*Christian Congregation  
of Jehovah's Witnesses*
