TO ALL BODIES OF ELDERS IN BRITAIN AND IRELAND

Re: Branch Relocation Project—Personnel Needs

Dear Brothers:

As a follow-up to our letter dated July 12, 2016, we would now like to ask for your assistance in identifying personnel that we could use in various regions of the Britain field.

As mentioned in that letter, we plan to hold key events around the country that will clearly inform all in attendance of what will be built, when it will take place, and more importantly, how they can share in supporting this exciting project. To that end, we are looking for brothers who can assist after those events which will be held from October 2016 through to February 2017.

These brothers, who would usually operate in a team of three, from their homes, will work under the supervision of the Construction Project Committee. Their role will be to contact the large numbers of individuals who are expected to volunteer for the project, encouraging and assisting them to fill out application forms. The length of the assignment will initially be for six months from the time of the event in their respective region, and may be extended or adjusted depending on future needs. A description of the roles can be found in the attached document.

Please only forward recommendations for brothers who fully qualify for these roles, who can commit to the time requirements, and are in good spiritual standing. It is not expected that there will be recommendations from every congregation. All who are recommended will be invited to complete an A-19 application form if they have not done so already. If a brother from your congregation is selected, we encourage your Service Committee to review and forward his application to the branch at your earliest convenience, understanding that his assignment, if approved, will begin within a relatively short time.

For the initial recommendations, please complete the attached *Regional Volunteer Team Recommendation Form* and forward it via email to BRDPersonnel.GB@jw.org no later than the date indicated for your region. We will then contact these brothers individually to discuss the next steps.

Another letter to all congregations will follow shortly. This will give publishers additional details of what will be included in these key events, the dates and locations for each one, as well as who is invited.

As our branch relocation project grows in momentum, we rejoice to see Jehovah's rich blessing on all that is being accomplished, and thank you in advance for the part you will play. —Prov. 10:22.

Please be assured of our warm Christian love and best wishes.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*
