TO THE BODIES OF ELDERS

Re: Adjustments in the Monthly Report concerning Congregation Accounts

Dear Brothers:

Adjustments have been made in the instructions for reading the announcement of the *Monthly Report on Congregation Accounts* (S-30) to the congregation. The main adjustment is that in case congregation funds were not sufficient to cover all expenses, including donations approved by resolution, the congregation should be informed of this when reading the announcement.

Therefore, if when checking the announcement the coordinator of the body of elders observes that the balance at the end of the month is less than the congregation expenses for that month, he should be sure that the brother who reads the announcement informs the congregation that at the end of the month in question the congregation did not have sufficient funds to cover all that month's expenses.

We are sure, dear brothers, that you will have in mind this adjustment, which will help keep the brothers informed of the financial condition of the congregation. Please receive an expression of our brotherly affection and Christian love.

Your brothers,

*Testigos Cristianos de Jehová*
