TO THE BODIES OF ELDERS

Re: Showing the song lyrics on the Kingdom Hall monitors

Dear Brothers:

After enjoying the last regional convention, many brothers and sisters have expressed their joy and gratitude for following along the lyrics of the songs on the screens of the convention venue.

Later on, some bodies of elders have requested if it is possible to use the monitors of the Kingdom Hall to show the lyrics of the meeting songs. Of course, there are many advantages in holding our head up. However, we have not received any authorization yet to “project any *moving* video footage on screens or monitors” (see our letter addressed to the bodies of elders of January 4, 2016).

Therefore, we should not anticipate to what the organization says. What we enjoyed at the convention was something special, and this is the way we have to see it. If later on we receive detailed guidelines about this matter, please, be sure that we will share them with you. In the meantime, we should avoid implementing any personal initiative without the appropriate approval. Thank you very much for your collaboration in this matter.

Please, receive our Christian love and best wishes.

Your brothers,

*Testigos Cristianos de Jehová*
