TO THE BODIES OF ELDERS

Re: Blind or visually impaired

Dear Brothers:

We would like to request your assistance in determining the existing need to attend to the needs of the blind or visually impaired, whether in the territory or in the congregation. To this end an electronic survey has been prepared, which you may access by means of the following links:

<https://watchtower.formstack.com/forms/eventos> (Spanish)

<https://watchtower.formstack.com/forms/events> (English)

While filling the survey, please take into account the next instructions:

1. This task should be supervised by a congregation elder.
2. All the congregations should fill the survey, although there were no blind or visually impaired in the territory or in the congregation. If that is the case, we would appreciate you include that information in the survey.
3. If there is a blind or visually impaired person who regularly associates with the congregation, though he is not a publisher yet, please include him or her in the survey.
4. The survey should be filled out in the presence of the person.
5. It should be included the blind or visually impaired person's postal address and email address, and the congregation name and number.

We would appreciate to receive the survey no later than **January 31, 2017**.

Thank you very much for your collaboration and help in this matter that will contribute that the light of the truth shines also the hearts of the blind and visually impaired (2 Corinthians 4:6).

Please receive are Christian love and best wishes.

Your brothers,

*Testigos Cristianos de Jehová*

c. Circuit Overseers
