Re: Literature Packing Lists

Dear Brothers:

We are writing to inform you that printed packing lists will no longer be included with monthly shipments to Kingdom Hall literature groups. Beginning with your next shipment, electronic packing lists will be provided to the literature ship-to congregation via the jw.org Inbox feature.

Upon receipt, packing lists should be promptly forwarded to the literature servant of the ship-to congregation in order for the shipment to be verified in harmony with the *Literature and Magazine Request Guidelines* (S-56). All congregations within the Kingdom Hall literature group may access the packing list information provided on jw.org under "Shipment History."

Be assured of our warm Christian love and greetings.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
