Re: Unassigned and Seldom-Worked Territory Campaign

Dear Brothers:

It is a source of great joy to know that 747 publishers shared in the unassigned and seldom worked territory campaign during the 2016 service year. They covered some 477 towns and villages. Reports submitted by these brothers and sisters show that the fields are indeed white for harvesting.—John 4:35.

As a result of the hard work of such groups of publishers preaching in unassigned territories, congregation groups have been formed in several places. Would you also like to experience the joy that comes from sharing comfort from the Scriptures with those who do not receive a witness on a regular basis? If so, we would like to invite you to apply for and accept a preaching assignment in an unassigned or seldom worked territory. We encourage you to speak to those who have enjoyed working such assignments in the past if you know of any.

At this time, there are over 8,000 towns and villages that are unassigned. The regions with the greatest need are Brong-Ahafo, Northern, Upper East, Upper West, and Volta. However, there are other areas for all languages that need assistance around the country. Although the unassigned territory campaign is an all-year-round campaign, we desire that during the Memorial season many will apply for and accept assignments to preach in these areas of need. We also desire that elders and qualified ministerial servants arrange to hold the Memorial in these areas, if possible.

If you would like to accept this invitation for an assignment, take the matter to Jehovah in prayer and collect application forms from your elders. Remember, Jehovah will not “forget your work and the love you showed for His name.”—Hebrews 6:10.

We send you our warm Christian love and greetings.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
