TO ALL EWE-SPEAKING CONGREGATIONS AND GROUPS

Re: *“Sing Out Joyfully” to Jehovah*

Dear Brothers:

The new songbook entitled *“Sing Out Joyfully” to Jehovah* in Ewe is now available in all digital formats on jw.org, in *Watchtower ONLINE LIBRARY*, and in *JW Library*. The printed copies of the songbook that were previously requested will be shipped in the near future.

In addition, we are pleased to inform you that songs from *“Sing Out Joyfully”* will be sung at Ewe-language meetings, assemblies, and conventions beginning the week of August 14, 2017.

We send our warm Christian love.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*

PS to bodies of elders:

Please arrange for this letter to be read at the first midweek meeting after its receipt. It should be read to Ewe-speaking groups at the next meeting held in Ewe. Thereafter, it should be posted on the information board. **However, this postscript should neither be read to the congregation nor be posted on the information board.**

As a reminder, congregations that share a Kingdom Hall with congregations or groups that use another language should be aware that it may be some time before all the congregations and groups using the Kingdom Hall begin using "*Sing Out Joyfully*" at their meetings. Good communication between the bodies of elders using the Kingdom Hall will be needed so that the music from *Sing to Jehovah* is not deleted from the sound system prematurely.
