Re: Branch Relocation—Newsletter

Dear Brothers:

We are delighted to send you Edition 5 of the newsletter showing the incredible progress on the branch relocation project this past three months.

The structures of the five residence buildings are almost complete. If these five buildings were placed on top of each other, they would be 25 storeys high! Full-time and part-time volunteers have now started the fit-out inside the first of these residences with the goal of using these residences to house even more volunteers in February 2018.

As is highlighted in the newsletter, there is an urgent need for trades—not only now, for this current phase, but also for the next phase that will quickly follow. The peak period of the project that has been planned for a long time is now upon us!

You will also see that the Visitor Centre is a special attraction for many thousands of our brothers and sisters. With so many distractions in this world vying for our time, is visiting the project something that you have considered for yourself, for your family or your congregation? You will not be disappointed if you come. On the contrary, you will see what part you can play in the success of this tremendous undertaking. And seeing for yourself how Jehovah is blessing so many willing volunteers may encourage you or members of your household to consider what avenues of service you may be able to volunteer for—now or in the future. As the April 2017 *Watchtower*, pg. 31 par. 14 states: “The need for volunteers in Jehovah’s organization is greater than ever.” Please see the booking details for the Visitor Centre on your congregation noticeboard.

Be assured that Jehovah is answering your many prayers by richly blessing the work being accomplished at Chelmsford. (Prov. 10:22) We send you our warm Christian love and greetings.

Your brothers,

Watch Tower B. & T. Society
OF BRITAIN

PS to coordinators of the bodies of elders:

Please arrange for this letter to be read to the congregation at the first midweek meeting after its receipt. Thereafter, the newsletter should be printed in colour and placed on the noticeboard, removing all previous newsletters as well.
