Re: Sign-Language Material in *Watchtower ONLINE LIBRARY*

Dear Brothers:

We are pleased to inform you that *Watchtower ONLINE LIBRARY* now supports sign languages and can synchronize sign-language videos with written languages.

*Watchtower ONLINE LIBRARY* runs on desktop computers and mobile devices with an Internet connection using modern browsers. It is now possible to use a text search feature to find sign-language articles. After opening an article, users can click on the text of paragraphs or verses to play the corresponding sign-language video.

We trust that this research tool will help all who use a sign language in their daily Bible reading, personal study, meeting preparation, and field ministry.

Please accept an expression of our warm Christian love and best wishes.

Your brothers,

*Testigos Cristianos de Jehová*

PS to coordinators of the bodies of elders:

If you have deaf publishers associated with your congregation, please arrange for an announcement to be made at your next midweek meeting that a letter on the above-noted subject has been posted on the information board.
