Re: Supporting Construction Projects

Dear Brothers:

It is faith strengthening to see how Jehovah continues to dignify his servants worldwide in utilizing them to accomplish his purpose. This is certainly the case in the Britain branch territory with a great number of brothers and sisters assisting with the various theocratic construction works taking place.

Our sincere appreciation and commendation goes out to all who have given of their time, energy and valuable things to assist with the exciting branch relocation project. Your efforts in answering the call for help have allowed for so much to be accomplished already, as is evident in each BRD newsletter and video update. This is especially encouraging as in addition to the Chelmsford project, many more volunteers have made themselves available to work on Kingdom Hall construction across the branch territory, as well as several projects at the existing branch facilities in London. We have undoubtedly seen Jehovah's rich blessing on all aspects of this important work.

With only two years now remaining on the branch relocation project, there is still a tremendous amount yet to be accomplished to ensure that this unparalleled assignment is completed on schedule, while at the same time maintaining momentum on all of our other important construction projects. This being the case, there is an ever greater need for skilled volunteers, especially those with experience as electricians, plumbers, carpenters, joiners, plasterers, bricklayers and those with skills in finishing trades. If you have not already done so, we kindly ask all of you dear brothers and sisters to prayerfully consider if your circumstances allow you to volunteer. If you find you can make yourself available, even for a short time, please complete an A-19 form, available from your congregation secretary.

King David prophesied that at the time the Messiah would begin his rulership, God's people would "offer themselves willingly." (Ps. 110:3) As all of us make sacrifices to assist in any way we can, we can be sure that Jehovah appreciates our willingness to serve him and that he will not forget our efforts.—Heb. 6:10.

Please be assured of our warm Christian love and best wishes.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*

PS to the coordinator of the body of elders:

Please arrange for this letter (excluding PS) to be read to the congregation at the first mid-week meeting after its receipt.

PS to the Service Committee:

Once an application form has been submitted by a member of the congregation for your consideration, please endeavour to process it as promptly as possible. Your help in this regard will be greatly appreciated.
