Re: June's Local Needs Item

Dear Brothers:

We are pleased to inform you that an eight-minute video about the branch relocation project has been prepared and should be shown to the congregation during the local needs part in the mid-week meeting for the week commencing June 11, 2018. This will be available for download during the week of June 4.

Thank you for noting this and we send you our very warm Christian love and best wishes.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*
