Re: Locating Those With Legal Qualifications

Dear Brothers:

We are requesting your help in locating any in your congregation who may have legal qualifications and/or experience. These brothers or sisters should be baptised and in good standing.

Specifically, the Britain branch Legal Department is looking for solicitors, barristers, notaries, law costs drafts persons or legal executives/secretaries who might be able to assist with this work. If you are aware of any publishers who have the needed skills or experience, please fill in the attached form and email it to the Legal Desk via [jw.org](http://jw.org). If a publisher is already known to the branch, and serves as a remote volunteer or consultant, there is no need to submit their name.

We appreciate your help in this matter and are confident that Jehovah will continue to bless those who “offer themselves willingly on the day of [His] military force.”—Ps. 110:3.

We take the opportunity to express our warm Christian love and best wishes.

Your brothers,  
*Christian Congregation  
of Jehovah's Witnesses*
