Re: 2019 International Convention Applicants Special Rooming

Dear Brothers:

The congregation secretary has an important role of informing individuals about their international convention application status and updating it so the branch can keep up-to-date records of all delegates. Therefore, please note these additional comments that will help you answer any questions from applicants in your congregation.

Applicant Status Summary

- If the “Status Summary” information on jw.org indicates “**Applied,**” the individual has not yet been selected. The selection process will be ongoing. As cancellations are processed, those who have an “Applied” status may still be invited.

Special Rooming

- Whether this has been approved or not can be seen by a selected applicant logging in to the jw2019.org website, going to the Itinerary page and looking under the “Accommodation” column. If special rooming has been approved, they will see the message “Special rooming.” If special rooming has not been approved, they will see the message “Not reserved yet.”

Please see the attached screen shots that show whether an applicant has been approved for special rooming or not. These attached screenshots may be provided to applicants. We hope these comments are helpful to you in assisting those who have applied to attend a special convention in 2019. Please be assured of our warm Christian love and best wishes.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
