TO THE BODY OF ELDERS

RE: Selection of places for public witnessing with litcards

Dear Brothers:

The *Shepherd* book, chapter 23 ¶16, states that in cities where the Special Metropolitan Public Witnessing (PPAM) has been implemented “additional information will be supplied to the circuit overseers and congregations so that all may work together in an orderly and organized manner”.

Congregations should support the PPAM by carrying out their public preaching (PPOC) at a discreet distance from the PPAM locations. This will avoid saturating downtown areas.—1 Cor. 14:40.

To that end, in cities where the PPAM operates the Service Overseers of local congregations, whether Spanish or foreign language, that want to preach with the carts must obtain the approval of the PPAM coordinator before beginning to do so.

We are always grateful for the excellent spirit of cooperation that you show and your support of the Kingdom preaching work.

Receive our greetings and Christian love.

Your brothers,

Testigos Cristianos de Jehová
