Re: Local Needs – 2019 International or Regional Convention

Dear Brothers:

In the program for the midweek meeting of **September 23** a part is scheduled for analyzing local needs. We encourage you to use this section to review with the brothers how the international or regional convention has affected them and the people in the territory.

We are attaching an outline that should be presented with enthusiasm on that *Local Needs* section of the meeting, along with graphic material that can be used. The outline in English will be made available as soon as possible. No doubt the brothers will receive this information with enthusiasm and appreciation.

Always trusting in your cooperation in the Kingdom work, we send warm regards and an expression of fervent Christian love.

Your brothers,

Testigos Cristianos de Jehová
