Re: Seldom-Worked Territory Survey 2020

Dear Brothers:

We would like to update our records of congregations with seldom-worked territory, where groups of publishers can be assigned to help in the ministry over the next two years. Please would you follow this link and complete the online form:

https://watchtower.formstack.com/forms/seldomworked_territory

We would appreciate having your response by March 31, 2020. There is no need to reply to this letter. The information you enter on the form will come to the branch automatically.

Thank you very much for your kind assistance. We send our warm brotherly love and best wishes.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
