RE: Transitioning to use of Kingdom Halls

Dear Brothers:

All of us look forward to again being able to enjoy the encouragement we experience when meeting with our brothers and sisters in our places of worship. As a kind reminder, the branch office will inform you when you will be able to resume theocratic activities. Because we highly value life over material things, although the government may resume certain activities, we will continue to take a measured approach based on the facts. (Luke 12:15) Nonetheless, it would be appropriate to prepare now for cleaning and maintenance projects that will enable us to eventually resume this activity.

In this connection, the LDC maintenance trainer for each Kingdom Hall will soon contact the Operating Committee in order to provide specific instructions about:

- Maintenance of the facilities while they are not in use. These tasks can be carried out as soon as the branch office gives you permission to do so.
- Deep cleaning. This is required before resuming meetings.

Please be informed that oversight of the contracted energy company will be handled directly from the branch office. We thank you so much, for your cooperation in following these instructions.

Please accept our Christian love and greetings.

Your brothers,

*Testigos Cristianos de Jehová*
