Re: Exhibition concerning Conscientious Objection

Dear Brothers:

We are pleased to inform you that the exhibition in the Castillo de Santa Catalina de Cádiz that was declared open to the public on Monday, October 23, has been received very favorably.

Jehovah has blessed the efforts of a good number of brothers with the result that this exhibition concerning conscientious objection to military service—that our young Witnesses of past decades upheld with great determination—, has given a good witness.

To date there have been more than six thousand visitors. The municipal authorities have been impressed, so much so that they have proposed that the dates of the exhibition be extended until Sunday, February 25, inclusive. We have accepted their proposal, which means that many of our brothers who have planned to visit now have an additional margin of time to do so.

We must add that the *Ayuntamiento* has indicated that the Castillo will be closed on Monday, December 25, and Monday, January 1, dates of the seasonal holidays. Please take this into account when making your plans.

We continue to pray that Jehovah bless this project with success, as is the case with many other projects undertaken by His people, to the end that the firm faith shown by many of our young brothers of the decades of the 1930s, 1950s, 1960s and 1970s may result in a great witness in favor of the truth and its everlasting principles. The impressive witness given back then is now part of our historical legacy.

Please receive an expression of greetings and fervent Christian love.

Your brothers,

Testigos Cristianos de Jehová
