TO ALL BODIES OF ELDERS

Re: 2018 Circuit Assembly Songs

Dear Brothers:

The 2018 circuit assemblies have just begun. You will note from the assembly programs posted on jw.org that the songs to be used are taken from our new songbook, *Sing Joyfully To Jehovah*. As you are aware, the hard copies are not yet available in the local languages.

At some circuit assembly venues, TV monitors have been installed to show the lyrics. Such provision is not available at other venues. Even if it is available, not all delegates in attendance are able to see the TV screens. Moreover, the majority may not have the needed electronic devices. Therefore, all bodies of elders are being directed to encourage publishers to download and print the *Lead Sheets* for the songs from jw.org and take them along to the assembly.

Please note that there are some publishers who cannot download and print the *Lead Sheets* from jw.org. Neither do they have electronic devices. In that case elders should arrange to assist such ones to get their personal copies. As you know, singing at Christian gatherings is part of our worship. Therefore, it will be inappropriate for some to miss out on singing joyfully to Jehovah during the 2018 circuit assemblies.

Please accept our warm Christian love and best wishes.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*

c: All Circuit Overseers

PS to All Bodies of Elders in English Language Congregations: Please kindly ignore the above direction since the new songbook is available in English. Thank you.
