Re: A-19 and DC-50 Applications

Dear Brothers:

It is thrilling to see how Jehovah is speeding up his work in these last days. (Isaiah 60:22) As a result, there is an increasing need of fellow workers in different avenues of service. It is very encouraging to see the willing and self-sacrificing spirit of many brothers and sisters, who offer themselves to work when the need is great. (Psalm 110:3) Many of them are already working in the branch renovation project and their help is very much appreciated.

For this reason, we would like to offer some kind reminders related to the *Local Design/Construction Volunteer Application* (DC-50) and *Application for Volunteer Program* (A-19), required of those who want to reach out.

Sometimes, when a brother is called to work at the branch or in a theocratic construction project, it has been noticed that the information provided when the application was completed is not up-to-date. It could be that there has been a change in the circumstances, work, health, etc. of the applicant, which has affected his availability. In order to avoid additional phone calls or further inquiries, we would like to ask for your collaboration in confirming that the information sent to the branch is accurate and up-to-date. You may wish to check with those brothers and sisters who have already filled or will fill an application form that the information provided is accurate. Although the A-19 form expires in three years, it should be renewed when there is a change in the availability of the applicant. We would appreciate that you inform us in the case of a death as well in order to have our records up-to-date (see footnote on page 3 of A-19 form).

Please be sure that you are providing the applicant with the latest version of the application form available on jw.org. Also please take into account that those without legal residence in our country can only collaborate in works or tasks related to their own Kingdom Hall, they cannot be used on branch projects, such as Bethel renovation or construction of other Kingdom Halls.

Finally, we would like to remind you of the importance of promptly considering these kind of applications. These applications should be sent using the appropriate recipient using the jwpub email system:

A-19 Applications: **Oficina de Betel (Solicitudes A-8 y A-19) (Spain)**

DC-50 Applications: **LDC – Solicitudes DC-50 (Spain)**

We thank you very much your collaboration in the Kingdom work and we ask Jehovah continue blessing the self-sacrifice spirit of his people. (Acts 4:31) Please our Christian love and best wishes.

Your brothers,

Testigos Cristianos de Jehová
